

III European Conference on Sustainable Mobility at Universities

The involvment of students in the University Mobility Management

Prof. Ing. Giulio Maternini (Mobility Manager) Ing. Michela Bonera

UNIVERSITY OF BRESCIA

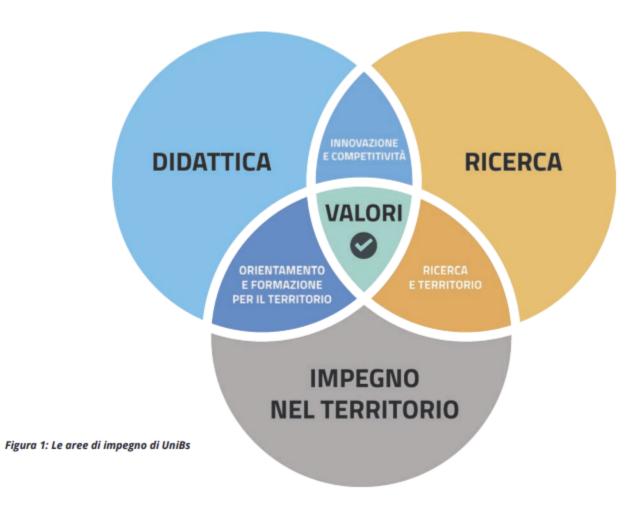

UNIBS STRATEGIC PLAN

UNIBS STRATEGIC VALUES

- SUSTAINABLE DEVELOPMENT (e.g., implementation of the SDGs) over all the research programmes, education activities and in the public engagement.
- INCLUSION and PARTICIPATION of the whole academic community towards the achievement of the targets

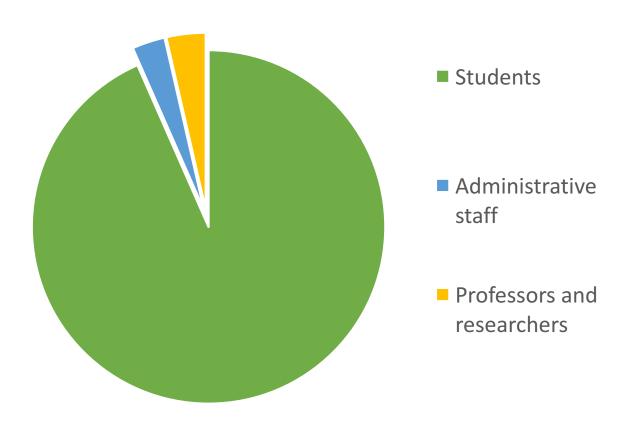

- Students represent the major part of the University community
- Students have more power and influence over other students
- They are the next generation to put forward the sustainable development goals

IF WE WANT TO GET TO THE TARGET, THEN WE MUST INVOLVE STUDENTS IN THE PROCESS

UNIVERSITY COMMUNITY

UNIBS MOBILITY BOARD

III European Conference on Sustainable Mobility at Universities

Established in 2007 as the university Body in charge of all the Mobility Management activities:

- Examines mobility issues
- Proposes sustainable mobility solution
- Organizes various initiatives
- Stays connected with the stakeholders.

The Mobility Board aims at building a continuous and effective dialogue about university mobility issues by including all the parts.

OPPORTUNITÀ E SERVIZI / SERVIZI / SERVIZI PER TUTTI / MOBILITÀ SOSTENIBILE E MOBILITY MANAGER

Mobilità sostenibile e Mobility manager

In questa sezione è possibile trovare informazioni sulle iniziative dell'Ateneo in materia di mobilità sostenibile e sui servizi offerti relativi ai principali mezzi di trasporto.

Mobility Manager di Ateneo

Il responsabile della mobilità sostenibile è il Mobility Manager di Ateneo, prof. Giulio

Il Mobility Manager, istituito a seguito del Decreto del Ministero dell'Ambiente del 27 marzo 1998, promuove l'utilizzo di mezzi ecosostenibili negli spostamenti casa-lavoro e casa-studio.

Il Mobility Manager promuove inoltre accordi con le aziende di trasporto pubblico locale per l'attuazione del "ticket trasporti", intese per il trasporto sostenibile (mobilità non motorizzata ed uso del trasporto collettivo) e diffonde informazioni sul traffico e sui trasporti.

Presso l'Università degli Studi di Brescia è istituito inoltre il Tavolo per la Mobilità, con il compito di esaminare le problematiche relative alla mobilità e all'accessibilità delle strutture universitarie ed avanzare proposte di soluzione

ATENEO / ORGANIZZAZIONE / ALTRI ORGANISMI DI ATENEO / TAVOLO PER LA MOBILITÀ

Tavolo per la Mobilità

L'organismo ha il compito di esaminare le problematiche relative alla mobilità e all'accessibilità delle strutture universitarie e avanzare proposte di soluzione.

Composizione

- Prof. Giulio Maternini Mobility Manager di Ateneo (Coordinatore);
- · Dott.ssa Loredana Luzzi delegata del Rettore;
- Prof. Carmine Trecroci rappresentante per la macroarea di Economia;
- Dott, Stefano Porcelli rappresentante per la macroarea di Giurisprudenza;
- Prof. Guido Faglia rappresentante per la macroarea di Ingegneria;
- Prof. Claudio Orizio rappresentante per la macroarea di Medicina;
- Dott.ssa Catia Berneri rappresentante del personale tecnico amministrativo area nord;
- Dott. Alessio Bonetti rappresentante del personale tecnico amministrativo area centro;
- Sig.ra Klaudia Gavoci Presidente del Comitato Partecipativo degli Studenti;
- · Sig. Luca Lussignoli rappresentante degli studenti area nord;
- Sig. Luca Lazzarini rappresentante degli studenti area centro.

THE ROLE OF THE STUDENTS

Three Students' Representatives (SRs) are in the Mobility Board

- · The SRs can directly participate into the discussion and report any criticalities from the student's perspective.
- The SRs are asked to actively participate and propose initiatives to foster more sustainable mobility habits directly targeted to students.
- The SRs can directly interact with all the stakeholders about mobility and transport proposals

THE STUDENTS' POINTS

Foster more sustainable mobility habits among students.

- Aware and give sounds to mobility information and initiatives.
- Reduce vehicular traffic to-from UNI

Try to solve the "the never-ending trip" issue for those who do live in the outer area of the city (e.g., county and those from other regions).

Forster Public Transport collaboration

Put forward equitable mobility for all, also in terms of economic and social benefit

- Introduce a flexible fee (e.g., based on economic status) for parking areas
- Foster socialization while commuting.

LATEST STUDENTS' PROPOSALS

- Agreements with the local transport company and the Communication Office of the University to realize **UNIBS-MOBILITY INFO VIDEOS** to be spread on UNI-screens.
- Collaboration with the "Students-4-Sustainability" (S4S) Club to develop a CAR-POOLING PROJECT to be extended to the entire university community.

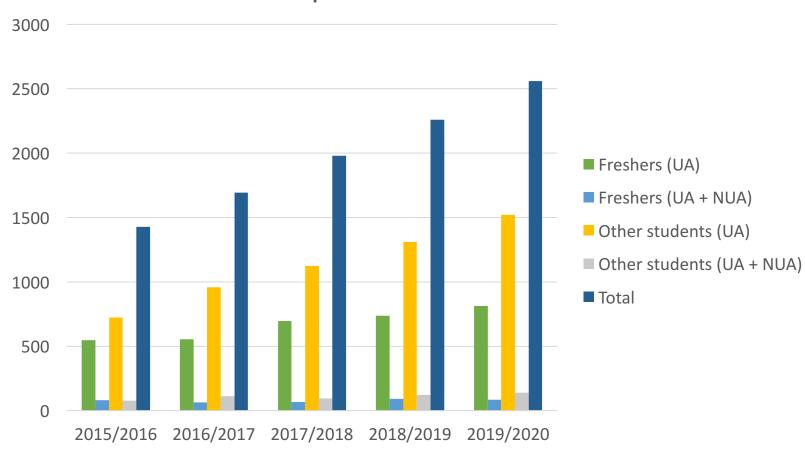

Subscription to the PT season ticket

RESULTS

.......

Increased the discounts for seasonal pass for the Non-Urban Area (NUA) transport

Sei uno studente dell'Università Statale o dell'Università Cattolica di Brescia?

Acquista online il tuo abbonamento annuale studenti integrato!

- · Nessun costo di pratica e di gestione
- · Conserva la copia digitale del tuo abbonamento sulla app Arriva MyPay... e viaggia senza il pensiero di esserti dimenticato la card!

Inoltre, avrai la possibilità di vincere una gift card del valore di € 10,00 da spendere in uno dei centri commerciali convenzionati.

• Two of the most successful GREEN MOBILITY events over the years (+500 students)

UNIBS GREEN MOBILITY

 On average, more than 150 students/year take part at the **UNIBS GREEN MOBILITY EVENT**

MARTEDÌ 21 SETTEMBRE

UNIBS GREEN MOBILITY

UNIBS GREEN MOBILITY 2021

FROM THE STUDENTS' PERSPECTIVE

"The Mobility Board of the University of Brescia is one of the most welcoming thematic tables regarding the students' proposals. There has always been an open atmosphere regarding the positions and ideas brought by all the members."

"Brescia offers many transport possibilities. [...] This makes participation in the group an engaging and stimulating opportunity for us student representatives"

FROM THE STUDENTS' PERSPECTIVE

"We strongly believe in this collaboration, and we hope that the future holds exciting new challenges. We hope to strengthen relationships with the Municipality Administration and local public transport Companies."

"We want to show that dialogue, reflecting together about innovative ideas, listening to everyone's voice and not neglecting anyone's, is the best way to build tomorrow."

THANK YOU!
