

III European Conference On Sustainable Mobility At Universities

University Of Bergamo, Italy (ONLINE)

NOVEMBER 17TH TO 18TH, 2021

RECOMMENDATIONS FOR THE DEVELOPMENT OF SUSTAINABLE TRAVEL POLICIES IN UNIVERSITIES

Rafael Requena

Universitat Autònoma de Barcelona

**University and Sustainable Mobility Group
(20 universities)**

More than 70 universities

WHAT IS IT ABOUT?

Basic guide of recommendations to reduce the impacts of travel generated by work activity

Which is the main goal?

Raise awareness in universities of the impacts associated with this type of mobility

Offer initial recommendations to guide the way of future sustainable travel policy

DIAGNOSIS

8%

15%

THIS SUSTAINABLE TRAVEL POLICY OF THE UNIVERSITIES ... WHAT ASPECTS SHOULD CONSIDER?

Minimize trips

Prioritize the actions and events that can be carried out without the need for physical travel

If traveling is unavoidable, prioritize activities in which you can participate using land transportation

If the use of air travel is unavoidable, the least unsustainable way of flying will be prioritized:

direct flights

Travel economy class

Select the airlines with the lowest emissions intensity because of their efficiency

how should we do it??

Key aspects

- Long term strategy
- Systematically monitor emissions
- Provide tools, procedures and resources
- Raise awareness among the university community and other agents

PLAY THE VIDEO, PLEASE!!

THANKS FOR YOUR ATTENTION
